

Introducing

CAREMARK®
It all starts with care®

Your New Prescription Benefit Manager

BEGINNING JULY 1, 2007

Effective July 1, 2007, your State of New Hampshire prescription benefit program through New Hampshire Local Government Center (LGC) HealthTrust will be administered by Caremark—a leading provider of prescription benefit management (PBM) for more than 25 years. With more than 60,000 participating pharmacies nationwide—plus state-of-the-art mail service delivery, **Caremark's expertise complements the value and service commitment you have come to expect from LGC.**

Caremark's prescription benefits are designed to provide you with quality pharmacy care.

In early June, you will be sent information about filling new prescriptions, contacting Caremark and obtaining existing mail-order refills, which will automatically be transferred to Caremark for you. This will be followed in late June by a welcome packet that includes your new prescription ID cards. Although **no action is needed on your part now**, we invite you to visit **www.caremark.com** to learn more about Caremark—LGC's new PBM partner.

While we understand change is hard, **LGC is committed to making this transition as easy as possible** and will be there for you every step of the way.

It all starts with care.
